OFFICIAL PAPER OF LEE COUNTY BY ACT OF SUPERVISORS

Telegraph Sixty-Second Year

DIXON, ILLINOIS SATURDAY APRIL 12, 1913

Dixon Daily Telegraph Thirtieth Year No 87

## FORMER DIXONITE COMMITTS SUICIDE

W. F. WEAVER, ONCE A PROMINENT DIXON MERCHANT, DRINKS ACID.

## ACT RESULT OF BANKRUPTCY

Had Been in Business in Woodstock, Ill., But Failure There Caused Despondency.

Woodstock, Ill., Apr. 11—Special.—W. F. Weaver, a dry goods merchant, committed suicide here today by taking carbolic acid. Mr. Weaver's business had been closed by a Chicago wholesale house. He had lost everything. Before coming to Woodstock he was for twelve years manager of a department store at Dixon, Ill. He is survived by a wife and two daughters.

Dixon—Mr. Weaver will be remembered by many Dixon people who knew him and his family when he was in business in this city. For a number of years he was connected with John R. Carpenter in the dry goods business, the firm name being Carpenter & Weaver, and later he was associated with Miss A. L. Geisenheimer in the store which she now conducts. One of his daughters is a daughter-in-law of John K. Hayden of the Borden milk factory. The Weavers were very prominent in business and social circles during their residence here.

## EXPECT MANY BIDDERS ON STREET PAVING JOB

CONTRACTORS HAVE COPIES OF SPECIFICATIONS FOR LOCAL WORK.

City Clerk Blake Grover has sent specifications for the Third street paving and proposals for bids on the big job to all of the paving contractors in this vicinity, and it is expected that a large number of bids will be received, as contractor will be desirous of securing this work. The successful bidder for the Third street job will be in an excellent position to secure the Second street and Commercial alley improvement, as he will have his material and men on the ground.

## IN HANNEKEN'S COURT.

Special Master in Chancery A. H. Hanneken yesterday completed taking testimony in the complainant's side of the case of Elam Hill vs. Jacob Alber, a suit to compel the latter to execute a deed for the Minnsen farm in Palmyra which Hill says he purchased from him. Attorney Clyde Smith is representing Hill and I. R. Irwin of Chicago and H. A. Brooks of Dixon the defendants.

## IMPROVES SLOWLY.

Mr. Heatherington, who was taken to the hospital about six weeks ago for an operation, is slowly improving.

## VERY LIGHT VOTE AT SCHOOL ELECTION

THREE VOTES HAD BEEN CAST AT THREE O'CLOCK AT TRUMAN SCHOOL.

School elections for the selection of a trustee were held on both sides of the river today, with the usual light vote.

On the north side, where John E. Moyer is the only candidate, 50 votes had been cast at 3 o'clock.

On the south side, at the high school voting place, 11 votes had been cast at the same hour and only three of the residents of the west end had exercised their right of suffrage at the Truman school. S. S. Dodge is up for re-election as trustee on the south side, with no opposition. The lack of opposition accounts for the small amount of interest that is being taken in the election. The polls opened at noon on the south side and at one o'clock on the north side, and closed at four p. m.

## DRUMMER BOY PASSES AWAY

GEORGE McFARLANE OF TWENTIETH ILLINOIS LAID TO REST AT JOLIET

George McFarlane, brother-in-law of Mrs. H. K. McCloud of Ohio, Illinois, passed away at his home April 3. Mrs. McCloud attended the funeral, which took place Saturday.

McFarlane was a drummer boy in the Twentieth Illinois during the civil war. It was his dying wish that the treasured drum be beaten at his funeral, and in accordance with his request, the same drum that he had often beaten at the funeral of his comrades, in muffled strains, sounded the solemn dirge, as his body was conveyed to Oakwood cemetery at Joliet.

McFarlane was a professional drummer until about five years ago, when he gave up active work to teach the art. He was 70 years of age.

## U. S. SAILORS KILLED

American Slain in Streets at a Mexican Port.

Two Members of Crew of Cruiser California Lose Their Lives in Fight at Mazatlan.

Guaymas, Sonora, April 12.—Two sailors of the United States cruiser California were killed and three others wounded in a street fight at Mazatlan, a Pacific coast port below this point.

Two or three Mexican policemen were wounded in attempting to arrest the American sailors. Admiral Cowles is investigating the incident.

Washington, April 12.—William Wallace Corrie, seaman, and John Chase Klestow, first-class master at arms, were the two men killed in the fight at Mazatlan. Rear Admiral Cowles reported to the navy department by wireless via the San Diego station.

Corrie had served in the navy two years and Klestow eleven years. Both men enlisted from California and had excellent records. Admiral Cowles reports they were not likely to be aggressors in a street fight.

There have been repeated displays of anti-American feeling at some of the Pacific ports of Mexico of late. A few weeks ago, when talk of intervention was at its height, two officers of the cruiser Denver were assaulted while ashore at Guaymas, and on another occasion, when the navy had ordered the Denver to another port, anti-American feeling was running so strong that her orders were countermanded and she remained to protect Americans and other foreigners.

El Paso, Tex., April 12.—Paiche Villa, who has taken the field in Chihuahua state against the Huerta government, held up a passenger train east of Chihuahua City and obtained 150 bars of silver bullion valued at \$75,000.

## KENT HAS BABIES TO GIVE AWAY

POLICE MAGISTRATE'S COURT IS SURFETTED WITH HOMELESS LITTLE MEN AND WOMEN.

Police Magistrate W. G. Kent, who by the way, is about the busiest man in town, has thrust upon him a new department, one that is causing the gentleman no end of embarrassment for, as he puts it, his office is getting to be a "clearing house for babies."

In the dispensing of justice and the straightening out of affairs every once in a while he finds himself with a forlorn infant orphan on his hands.

At present the judge would like to find homes for two of his wards, one five year old boy, bright and pretty, and a fine little baby boy. Anyone interested may communicate with him.

## IMPROVE OREGON- GRAND DETOUR ROAD

ROCKFORD PAPER HAS A ROSY DREAM OF RESULT OF THE IMPROVEMENT.

The Rockford Register Gazette would like to see the Oregon-Grand Detour river road improved. It has to say:

If Ogle county only realized what a boom she could have in real estate she would build a few more miles of good roads. From Oregon to Grand Detour river road improved. It has to the river road is of unsurpassed beauty. The river dotted with wooded islands and flowing between high cliffs of moss-covered stone; of forest-clad hills that rise above the surrounding country, producing castled effects in varicolored rock, all unite to give Ogle county a drive that would be famous if it could be traveled. As it is, the sugar-white sand encountered at many points makes the roads impassable to most cars. Every foot of river frontage would soon be taken up at fancy prices if a hard road was put in and a great army of summer cottagers would be trading at Oregon.

If Ogle county would move her Grand Detour river road to Winnebago county Secretary Babcock will guarantee a hard road in short order. It would be the best advertising feature Rockford would ask for.

## OHIO, ILL. HAS UNIQUE RECORD

TEN MEN OVER 70 YEARS OF AGE MAKE THEIR HOME AT THAT PLACE.

The two men pleaded guilty to the charge and were fined \$100 each and were given one day in jail. The men had been given a preliminary hearing and were held to the April grand jury, and would probably have been indicted Monday, but on information by States Attorney Edwards their cases were taken into the county court. Leniency was shown the young men when Mr. Riley stated that they had been with the company five and seven years respectively, and that they had made restitution to the company.

## MET A LARGE GRAY WOLF

OHIO MAN FAILS TO CAPTURE HIM HOWEVER, AND HE IS STILL MISSING

Saturday morning as Charter Anderson was going home he met a large gray wolf coming toward town in the road, just north of Doty's corner, says the Ohio Herald. Mr. Anderson got out of his wagon and headed the wolf the other way, and leaving his team stand, drove it north. There being woven wire fences along each side of the highway, his wolfship could not escape into the fields, but was forced to keep on the road. At Mike Warkin's place it crawled under a gate and Mr. Anderson went to the house and informed Mr. Warkins who took a gun and started in pursuit, but the wolf had gotten out of sight in the meantime and could not be found.

## ALLIES NEAR A CLASH

Bulgaria and Greece "Fall Out" Over Salonika.

Former Claims Right of Possession and Military Measures Are Taken to Support Move.

London, England, April 12.—Bulgaria is making formal claims to the possession of Salonika, now occupied by the Greek troops, according to an Exchange Telegraph company's dispatch from Belgrade, Serbia. The dispatch adds that Bulgaria is taking military measures to support her claims, while Greece is concentrating her army along the railway leading to Salonika.

Vienna, Austria, April 12.—Germany, Austria-Hungary and Italy, the powers composing the triple alliance, advocate, according to the Neue Freie Presse, that Salonika be given to Bulgaria as compensation for the cession of Silistria and a strip of Bulgarian territory to Roumania. Russia and France, on the other hand, are of the opinion that Greece should have Salonika, while England seems to favor the view of the triple alliance.

It was announced a few days ago that Greece had transferred a division of her army from the province of Epirus to Salonika.

## MANY MERCHANTS SUBSCRIBE MONEY

COMMITTEE GETS FUNDS FOR NEW LIGHTS—SUCCESS SEEMS SURE.

## COUNCIL MUST HELP THEM

The City Will Have to Pay for the Operation if Merchants and Property Owners Buy Fixtures.

The campaign being carried on among the business men in town in an effort to raise sufficient funds to insure the installation of about forty of the new ornamental boulevard lights in the downtown district is proving very successful.

The amount required for installing six lights, as proposed, in each block will be about \$450. Five hundred dollars was raised in one block yesterday by the committee of citizens assigned to the block. The committees for each of the other blocks are making good progress and will probably raise the desired amount.

The men in charge of the installation now say that the lights are assured, so far as the support of the merchants is concerned. The last thing necessary to make their installation a certainty is the consent of the city commissioners to appropriate the money necessary to maintain them.

## TRAINS DELAYED.

The Northwestern fast paper train No. 15, due here at 5 o'clock, was over an hour late this morning, due to engine trouble which was first experienced at Rochelle, when the air hose broke. The locomotive was repaired and proceeded as far as Natchua, where the merchandise train was on the siding waiting for it to pass, when further trouble was encountered and it was necessary to take the freight engine to pull the mail train through. As a result the freight from Chicago was also late today.

## Social Happenings

### Woman's Club Meeting

The Dixon Woman's club held a most delightful meeting last Saturday with Mrs. Floyd Teachout. A large amount of routine work was accomplished, among which was balloting and taking in seven new members.

Mrs. J. H. Thompson gave the first paper of the afternoon and changed her subject from "Suffrage in California" to "What Are the Women of California Doing?" This was very instructive, giving in detail special cases where woman had awakened to the fact that she could in a measure control better than the men. Suffrage came in in the paper, too, so we lost nothing by the change of subject.

Miss Rilla Webster gave us a reading from "Mrs. Wiggs of the Cabbage Patch" telling of Mrs. Wiggs' Sunday school which so delighted her hearers that she responded to an encore.

Miss Harriet Buffet in a carefully prepared paper told us of the workings of our state legislature—how bills are prepared—following it through the whole workings of the legislature until they are passed or killed. A paper of this kind freshens up our minds and makes us think what the women of Illinois can do when they get the chance, as Colorado and California women have now.

The hostess served dainty refreshments and asocial hour was enjoyed after we adjourned.

### Mrs. Newman, Hostess

Mrs. Frank Newman entertained the Ladies Social Circle of the Prairieville church at her home Wednesday afternoon. Despite the inclement weather a large number of the members were present and the afternoon was very much enjoyed. After sewing a few hours the hostess served dainty refreshments.

## People fight their glasses

If often happens that a patient will fight his glasses, taking them off and putting them on maybe dozens of times a day.

That is because glasses that have to overcome any considerable error always cause the wearer some inconvenience or distress for a while.

But those who are patient will after they become used to their glasses derive all kinds of comfort from them.

In order that the correct lenses shall be worn, visit our optical department. We have earned a reputation for accuracy.

Several of the ladies remained and formed a theatre party at the family theatre. They also formed a party at the Princess theatre. An additional gift which Mrs. March values highly was a beautiful tablecloth which some of the ladies presented to her in remembrance of the occasion.

The lady and gentlemen boarders gave Mrs. March a very nice rocking chair. All their friends wished Mr. and Mrs. March many happy returns of the anniversary of their wedding.

### Children's Dancing Party.

There were about 40 couples at the children's party given by the dancing school at the new armory this afternoon. The affair was a success in every way and the little folks enjoyed themselves immensely. Much of the credit for the success of the affair is due to Miss Wilhelmina Seyfarth, who has been a student at the studio of Mrs. Ruth Coffin Collins during the entire winter season. She will have charge of the dancing school instruction the next year. Miss Gladys Steel and Val Heft were the accompanists for the afternoon's dancing.

### Candlelighters Met

The fame of their spreads is growing and it is stated by those who know that were the Seniors (mentors and guides of the N. D. H. ## Dramatic Notes

### FAMILY THEATRE

The exceptional bill at the Family theatre and the fact that Mr. and Mrs. Plein have assumed the management has brought the theatre back to its old time popularity, and packed houses are the rule at every performance.

The Alpha Sextette appeared to much better advantage from the fact that one of their number was compelled on the opening night to preside at the piano, but on last evening was able to take her accustomed place and this was instrumental in giving an almost perfect performance. Their program is without question one of the most pleasing, both from a musical and artistic standpoint, that has ever been given at this theatre, and one that every lover of good music should hear.

Gordon & Murphy, the acrobatic act, is very pleasing and is thoroughly enjoyed.

The pictures for this evening are: Picturesque Tasmania  
Three Queens, and  
A Bit of Blue Ribbon.

### OPERA HOUSE

If applause is anything to judge from, the audience in attendance at the opening of this week's vaudeville at the opera house last night was well pleased.

The unique musical entertainment of the Bell Ringers was a revelation of what can be done in bell ringing. Equal talent was also shown in their vocal, violin, and cello work. Words fail to describe it and to fully appreciate them they must be heard. Then too, the Dutch comedy singing and talking act by Dunsforth and Valder being of the "put over" class, was well received. The motion pictures were up to the standard. Same attractions tonight and Sunday night. Prices 5 and 10 cents.

## WANTS ELECTIONS TO HELD HELD ON FOURTH OF JULY

### SAMUEL ALSCHULER PRESENTS PLAN TO CHICAGO ASSOCIATION OF COMMERCE.

A plan to make the Fourth of July an election day for the entire nation and Decoration day a country-wide primary day was proposed by Samuel Alschuler at the Chicago Association of Commerce recently.

We must do something to stir up the voters of the nation, said Mr. Alschuler. They must be aroused to a sense of their duty. Too little interest is taken in elections and primaries. At some judicial elections hardly one turns out.

Why not combine all our elections and have them on one day and that a rigid holiday, a day when everyone would have plenty of time to go to the polls? And have the primaries also on a holiday that is a holiday, not merely a day when the saloons, the banks and public offices are closed?

We should have all our primaries on Decoration day and election day on the Fourth of July. Have separate ballots for the judiciary, the nation, the city and the township. Devote as much of these days to voting as possible. No holiday could be more practically or advantageously spent or with a larger degree of satisfaction to the citizens than doing this patriotic duty in this way.

### OLD AGE PENSION ACT IS INTRODUCED

Representative King at Springfield has introduced in the house an old age pension act granting pension of 25 cents to \$1.25 a week to persons over 70 years of age whose yearly income is less than \$150, making certain exceptions. It was referred to the committee on labor and industrial affairs.

# DEMENTTOWN ...DOINGS

Did you vote?  
Neither did we.  
The fiscal year of the City of Dixon County of Lee and State of Illinois, ss. will end next Thursday.  
Probably the commissioners are letting the waterworks question rest for the "new" council to take up.  
But in the words of P. O. Sullivan, we don't care much for this "physical" year business, anyway.

**Advice to Burglars.**  
If there is one thing more than another that we hate to see it is a house all mussed up by burglars. For they have a very unpleasant habit of pulling open bureau drawers and scattering the contents about recklessly and tearing up the carpets in search of hidden treasure. We wish to offer any burglar who visits our domicile the following hints:

Our genuine imitation pearl shirt studs, which cost 39 cents when we were married five years ago, are still in the dress shirt, hanging behind the clothespress door. If the burglar can get them out of the shirt he can do better than we can, and is certainly some burglar.

Our money is kept in a cracked tea pot on the plate rail just north-east of the clock.

The solid silver knives and forks are in plain sight on the pantry shelf from the bottom, and the cut-glass pickle boat is in the bottom of the dining room buffet. It is the only thing in there and could hardly be missed.

The hard coal is in the basement. The only other thing of value that we have is our everyday shirt. We hide that where nobody on earth can find it.

Only don't muss things up, that's all.

# BUFFALO STREET CAR STRIKE OVER

**Conductors, Motormen, Truckmen and Linemen Returned to Work Today.**

# COMPANY RECOGNIZES UNION

**Men Are Jubilant Over Their Victory—Many Reasons for Employers Backing Down in Fight—State Troops Are Withdrawn.**

Buffalo, N. Y., April 12.—The street car strike is over. Today the majority of the 2,000 conductors, motormen, linemen and truckmen who have been on strike since early last Sunday morning reported for duty.

The decision was reached late yesterday, after an all-day session between Mayor Fuhrmann and representatives of the traction company and the strikers. The company finally agreed to recognize the union and meet with a committee of the men in a few days to settle a schedule and working conditions. Inasmuch as recognition of the union was the principal demand of the strikers, the agreement was quickly signed and the strikers offered to return to work within forty-eight hours. The company requested the men to report for their usual runs this morning and at seven o'clock service, which has been totally demoralized for six days, will be resumed.

# Troops Are Withdrawn.

An order for the withdrawal of the troops was issued this morning.

There were several reasons why the company finally agreed to the demands of the men. The state board of arbitration had begun its sessions and the attorney general's office had begun an investigation. The county officials had served a notice on the company that they must pay for the troops being maintained, inasmuch as the city and county authorities had not called for them. The mayor had made arrangements to force the company to run cars or forfeit its franchise. The district attorney had arranged to arrest every strike-breaker who took a car out, because they were violating the state law which requires a man to have instruction for 15 days under a competent man.

# General Strike Menaced.

In addition, arrangements for a general strike had been made and intense pressure had been brought to bear by the business men of the city to end the trouble.

The strikers were jubilant during the night over their success and are confident that the other questions in dispute will be speedily settled.

In spite of the prospects of a settlement, there was some rioting and isolated instances of violence last night. Only two lines were in operation.

# POPE GREETS BISHOPS

**Sinks Into Deep Sleep After Ignoring Doctor's Advice.**

**Pius X. Sits Up During Day and Blesses Three Aged Heads of Pilgrimage.**

Rome, April 12.—Despite injunctions of physicians and remonstrances of his attendants, Pope Pius received in audience three bishops who headed a pilgrimage to Rome to visit him. He bestowed on them the papal blessing.

Wearied by his efforts the pope fell into a deep sleep immediately after his physicians made the customary call.

The meeting between the pontiff and the aged bishops was pathetic. After entering the sick room the bishops threw themselves at the feet of the pope, who was sitting in his arm chair. The pope smiled as he bestowed his blessing. This he said, was not alone for the bishops, but also for the pilgrims he could not receive personally.

The bishops, warned to make the audience as short as possible, departed with eyes brimming with tears.

The recovery of the pope from his relapse apparently is progressing rapidly.

The Osservatore Romano, official Vatican newspaper, said:

"In confirmation of happy news in regard to the health of the holy father we are able to give assurance that conditions continue entirely satisfactory."

The pope expressed early in the day a desire to read the newspapers. Professor Marchisfava, however, refused to permit him to read. Thereupon the pontiff exclaimed:

"That shows they must have killed and buried me."

# Ohio Will Pension Mothers.

Columbus, O., April 12.—The Green-hund bill, providing for pensions for indigent mothers, an administration measure, was passed in the house and now goes to Governor Cox, whose approval is assured. The vote in the house stood: Yeas, 92; nays, 4.

Along with dyspepsia comes nervousness, sleeplessness and general ill health. Why? Because a disordered stomach does not permit the food to be assimilated and carried to the blood. This bill will provide that persons desiring to buy drinks in saloons must first secure a license to do so from the chief of police or other head officer of the town, village or city in which he resides.

The license will set forth the applicant has been examined by physician and found to be in good physical condition and that he is of good moral character. The head of the police department is given full authority to issue or withhold a license when he considers it best for the applicant, his family or the community.

ENRICO TRAMONTI

Solo Harpist with the Th. Thomas Orchestra of Chicago, who will play in Dixon at the Hospital Benefit Musicales.

Enrico Tramonti, solo harpist with the Theo. Thomas Orchestra, who will play at the Katherine Shaw Bettea hospital benefit musicale at the Dixon Opera House Wednesday evening, April 23rd, was born October 7, 1877, at Palermo, Italy, but has since become a naturalized Swiss. At thirteen he commenced the study of the piano and two years later the harp. His masters on the latter instrument were at first Lebano, and later Codefroid, in Paris. His first public appearance was before Queen Margherita of Italy in 1895, and in 1898 he made his first English tour, playing before Queen Victoria, herself a musician of ability and a fine performer on the harp. Since this time he has appeared in every European country except Russia, playing, amongst others, with Saint-Saens, Massenet, and Toscanini. In 1899 Mr. Tramonti was asked to teach at the London Academy of Music, but he could not accept this honor as he was already engaged to teach at the Geneva Conservatory, together with Henri Marteau and others of the younger set of musicians. In 1901 Major Pond arranged an American tour for Mr. Tramonti, but these plans were interrupted by the Major's death shortly after Mr. Tramonti landed in New York. Through the Steinways he became the first harpist of the Theodore Thomas Orchestra in 1902 and has played a solo every year since that time, generally appearing on the program

nearest Christmas.

Excerpts from criticisms of Chicago daily papers:

News—

"Mr. Tramonti, the admirable harpist of the organization, is entitled to the stellar prominence that his long association with this organization deserves and was technically and tonally delightful."

Journal—

"Mr. Tramonti is decidedly the most artistically musical of any harpist who has been heard in Chicago. \* \* \* Indeed this harpist has brought us a great light here (musically.)"

Evening Post—

"Mr. Tramonti is a wizard with the harp \* \* \* here is a man who knows how to do one thing exceedingly well and one that is genius \* \* \* So long as encores are tolerated no man deserves one more than Mr. Tramonti."

## LOWLANDS ARE ALL INUNDATED

Situation at Beulah, Miss., is Extremely Critical—1,000 Men Working on Levees—Weak Spots Develop at Osceola and Luxora.

Omaha, Neb., April 12.—The Missouri river at this point rose three feet during the night, making a rise of nearly six feet within 48 hours. Reports from Sioux City and other upper points are that the crest of the flood will be several feet higher than the present height. The crest will not reach Omaha until Monday.

With the river already running banks full, a two foot wet snow fell all over the Missouri river basin above Omaha. This snow melted rapidly and caused a still further rise in the already swollen stream. In Omaha, the river is within three feet of flood stage, and is still rising. Lowlands in both Omaha and Council Bluffs are already covered. Railroad traffic is not impeded except by the heavy snows.

A tremendous volume of water is pouring down the Missouri, and cities along the lower stretches may look out for very high water.

Flood Situation Critical.  
Memphis, Tenn., April 12.—Reports from engineers working at Beulah, Miss., say the situation is extremely critical. Piling has been driven back of the caving embankment. A break is expected at any hour.

One thousand men are working on a stretch of levee extending for a mile north from the old break to the weakest point. Officers of the levee board say weak spots in the main lyke at Osceola and Luxora have developed. Sand boils came and were stopped. Water is two feet higher at Osceola than the regular levee. It is held back by sand bags only. In places water is running over the bags. A slight fall was recorded at those points early in the day, but engineers say the towns are getting no relief from the golden lake break.

River Falling at Memphis.  
The Mississippi river at Memphis and points north hit a toboggan and has begun falling at the rate of almost one-tenth of a foot an hour.

Weather observers believe this will not be maintained after the back water, passing through three Arkansas levee breaks, fills the country in part of six counties.

Gangs of men were sent to Mound City, Holly Bush and all points above Memphis to Wilson.

Water from the breaks is now running back into the Mississippi river at the mouth of the St. Francis river. A stage of over 55 feet is predicted or Helena.

Levees there are holding, after being gone over, topped and raised.

Men Patrolling Levees.

Weak places at Modoc, below Helena, and other points further out are being raised. Railroads are sending car after car of clay and tene to these points. Hundreds of men are patrolling the levee line.

According to reports from various points along the levees on both sides of the river south of Helena the situation is grave, and engineers expect a hard battle to prevent damaging revasses.

Hickman, Ky., reports a weak place in the main Reelfoot levee at Two Mile. Every mile of the dyke is being watched closely.

Ready to Flee Flood.

Appleton, Wis., April 12.—Residents of Kaukauna have been warned to flee at a moment's notice because of the condition of the Neenah and Kaukauna dams.

Seek Remedy for Floods.

Washington, April 12.—President Wilson announced here that he had directed Secretary of War Garrison to appoint a board of army engineers to study the Ohio valley with reference to future floods and possible remedies for such situations as have from time to time occurred in that section of the country.

"I do not now propose," said Mr. Garrison, "that the United States government shall undertake the expense of carrying out such suggestions or plans as the board may make. The government, however, is spending a large amount of money on the rivers of the Ohio valley and it ought to be advised."

## WOMAN AND MAN IN DUEL

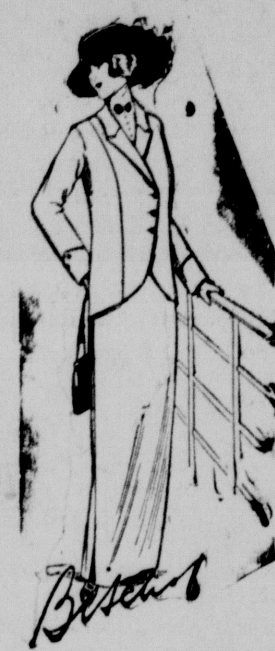

Fight Madly With Knives—Both Are Desperately Wounded.

Ottawa, Ont., April 12.—At Fort William, Mrs. M. Benjamin, eighteen, a Persian, and Sam. Jacobs, twenty-four, fought a duel with knives in the woman's home. They are both in the hospital, the man with thirteen wounds in his chest and stomach and the woman with a wound in the abdomen. She may recover, but the man is likely to die.

## JOHNNY EVERS VERY CONFIDENT

DECLARES THAT HE CAN FILL  
FRANK CHANCES SHOES  
AS MANAGER

Johnny Evers is confident. The new leader of the Chicago Nationals is of the opinion that he will make good at the helm of the Cubs. Evers tells on Evers as follows: All I ask is a fair chance; one good opportunity to show what I can do. I expect to make mistakes; every manager makes them. I think I can hold down this job. I expect to be criticised. Every manager is, but I don't intend to pay much attention to criticism.

I am going on about my business, doing the best I can, and I want the fans to withhold judgment awhile. Don't count me out before I enter the ring. Physically I never felt better in my life. Mentally I am in good shape. Stories that I am worrying myself to a frazzle are all rot. I may be slipping a little in my playing but at that I'm not an old man on crutches. I think I can hold my own with the rest of them. As I said before, all I ask is a square deal.

### NORTH DIXON HIGH SCHOOL NOTES.

All contributions to this part of the Dixon Telegraph should be sent to Robert Fulton, Jr., Department Editor.

**At Last.**  
The Juniors after a series of four class meetings, have finally decided to provide an evening's entertainment for their elders, the Seniors.

The committee appointed for two days hovered between a spelling contest and a quilting bee, but in the end common sense prevailed and instead a little dissipation was agreed upon.

The plans call for a banquet to be followed by a reception. It has not been definitely decided yet where all this will be pulled off, but it is believed somebody's Pompeian or Louis Steenth room will be used.

This unexpected and unprovoked action forces the Seniors to give a return celebration, which will doubtless rival that of the Juniors.

**How Thoughtful!**  
Some ingenious party residing in the rear of the assembly room of N. D. H. S. has been devoting his or her spare moments in decorating and otherwise edifying the chandelier to be found there.

The present embellishments consist of two dingy paint rags, one colored book mark, fourteen feet of string (by actual measurement), about one-sixth box of matches tied to said string, one broken ruler, and seven worn-out pencils.

**Visitors.**  
For the last five days our classrooms have been brightened by a horde of south sliders who have been enjoying their spring vacation.

We do not mention their names as it would only be giving valuable space to advertising. It is hoped, however, they will carry back with them the lesson of the busy bee.

**Board of Censorship.**  
The powers that am yesterday confiscated a photograph of M. E. Craig, in the possession of E. Barge. All this happened in geometry I class.

**The Freshies.**  
Our freshmen indulged in another class meeting this week. Plans were drafted for a sleigh ride to be given next winter. Last evening the class hayraked to the home of Marie Joint, where a happy time was spent in games, etc.

**Non Plus Ultra!**  
The school yard is littered with tin foil. What can this mean?

### BREAKS BONES WITH RUSH

Pasadena Woman Injures Foot, Arm and Leg in Quick Succession.

Pasadena, Cal., April 12.—Miss Belle Sams of this city was the victim of a peculiar series of accidents, all occurring within the space of two seconds. While washing dishes Miss Sams dropped a soup tureen on her foot, breaking one of the bones. She put out an arm to save herself from falling and struck the edge of the kitchen sink so violently that the arm was broken. Collapsing in a faint, the young woman fell to the floor in such a manner that one of her legs was twisted under her and broken.

### STUDENTS IN MAD RIOTS

Nine Indiana University Men Are Jailed While Others Are Hurt.

Indianapolis, Ind., April 12.—A serious riot on the part of about 500 students attending the University of Valparaiso, took place at an early hour this morning. Nine of the number are in jail while many others are nursing black eyes and bruised and skinned faces. The students attempted to make a raid on the Memorial opera house and a hand to hand encounter with the police resulted. Street lights, windows in the jail and theater and those on an interurban car were smashed during the melee.

Mountains of Earth Slip Into Culebra Cut—Steam Shovels Busy.

Washington, April 12.—A giant shoulder of rock which for the last few years had prevented a mountain of earth from slipping into Culebra cut on the Panama canal at last has given way and, according to official reports received here, the slide has moved into the canal a distance of eighty feet and is still traveling. A battery of steam shovels is now tearing away at the earth and rock.

**Heavy Snow in England.**

Our readers must excuse the lack of news in this week's paper. The storm of last Saturday played such fantastic tricks with the telegraph wires and poles, that no eastern dispatches have been received for a week. And as the mails are sent in lumber wagons, through mud hub-deep, in preference to carrying them by steamboat or railroad—the news we get by them is rather antiquated.

### TRAIN RACES WITH FLOOD

Steel Piling Rushed From Pittsburg to Help Save New Orleans.

Pittsburg, Pa., April 11.—A special train loaded with steel piling left Pittsburg at express speed in an effort to reach New Orleans in time to save that city from the rapidly rising waters of the Mississippi. When it became evident that the waters of the Ohio and its tributaries would endanger the levees on the lower Mississippi the government placed an order with a Pittsburg mill for steel piling to be used in strengthening the embankments. The seventeen cars were loaded before daybreak, and ten minutes later, with an engine at one end and a caboose at the other, the train started.

### 20 DIE; 40 HURT IN WRECK

City of Mexico, April 11.—Twenty passengers were killed and forty injured in a wreck on the Mexican Central railway near Tula, state of Hidalgo, because the engineer yielded to importunities of passengers. The passengers were similarly apprehensive, but believing safety lay in greater speed, induced the conductor and engineer to consent to full steam. The train was ditched on a curve.

### NEW WARNING TO MEXICAN

### HAVILAND CHINA SHIPMENTS HELD

For over three months Dixon has experienced a dearth of Haviland China dishes. The deficiency started early in December and up to the present time not a shipment of this class of goods has been received, although some of the stores have had a large enough stock to meet the demands of some of their patrons.

Haviland china is one of the best kind of wares and is a valuable asset to the china closet of any housekeeper. Haviland china is used largely. Different pieces are put up for prizes at clubs and many people are making collections for one kind of a set or another. For many weeks customers visited the stores where Haviland china is sold and have always met with the same response from the clerks which, in substance, is that they should call in a few days. Later calls solicited the same reply from the clerks.

Haviland china is important ware and it is known that the custom houses have held up all shipments for some unknown reason. It is more than probable that the first shipment will be sold within a day or two after its arrival, if the people are apprised of its arrival. There are many advance orders up on the books of the stores. People prior to Christmas time desired to present friends with Haviland china as gifts. They were told that a shipment was expected at any time and that it would arrive during the holidays. Since that time the ware has not arrived and many people are still awaiting their belated Christmas gifts.

This state of affairs has caused local stores much inconvenience inasmuch as the situation is one for which they are not in the least to blame. The goods have been unpacked by custom employes and will have to be repacked before they can be sent west from New York.

## SYNOPSIS

**CHAPTER I**—The Watermelon and James, two tramps, bantering each other regarding their personal appearance, decide to clean up, acquire new clothes and let their companion, Mike, be the judge as to which is the better looking.

**CHAPTER II**—Watermelon goes to a barber shop, wins the contents of the cash register from the barber by a clever trick and gets a shave.

**CHAPTER III**—He discovers a young man bathing in a lake and steals his clothes. While sitting in an automobile he discovered standing empty by the roadside, General Crossman and his daughter, Henrietta, drive up in a car. Assuming that his car is disabled, the general proffers assistance. Watermelon hands him a card bearing the name William Hargrave Batchelor. The general recognizes the name as that of a young man who broke the cotton corner in Wall street a few days before. He invites him to dine with them.

**CHAPTER IV**—Watermelon is introduced to Bartlett, a big Wall street operator, and his daughter, Billy, with whom he proceeds to fall in love.

**CHAPTER V**—Bartlett, who has been stung by Batchelor's operations, plans to keep the supposed broker with him for a week while he works a coup in the market. He wires instructions to his broker, Watermelon, to take him away from Billy and sink back into the unknown.

**CHAPTER VI**—While chatting with Billy, the telegraph boy tips off Bartlett's message to Watermelon.

**CHAPTER VII**—Watermelon decides to join Bartlett and the general in a week's auto trip.

**CHAPTER VIII**—Watermelon slips away and tells his hobo companions of his adventure and asks them to find Batchelor and give him the tramp clothes.

**CHAPTER IX**—The party starts out with Bartlett's and Crossman's cars.

**CHAPTER X**—Late at night they come to a deserted house, break in and eat their lunch.

**CHAPTER XI**—They spend the night in the house. In the morning Watermelon discovers that the police are coming.

**CHAPTER XII**—The party attempts to escape, but is stopped by the officers who are hunting for Batchelor's car. Watermelon, by a clever ruse, gets them out of trouble.

**CHAPTER XIII**—As Bartlett had planned, the party becomes lost.

**CHAPTER XIV**—The general, while alone, is accosted by two men who want to know the make of his car and other particulars regarding it.

**CHAPTER XV**—The party is arrested and held before a country justice for sneaking. Watermelon realizes the vast difference between himself and Billy, and becomes despondent.

**CHAPTER XVI**—Crossman, Bartlett and the Watermelon are robbed of their money and jewelry in the night.

**CHAPTER XVII**—It develops that Alphonse, the general's chauffeur, and Bartlett's car are missing.

## CHAPTER XIX.

### A Broker Prince.

"I am going," said Billy with determination. "We can't leave the general alone," objected Bartlett.

"I don't see how I would be able to help the general any," returned Billy in injured accents.

"I thought you could push him in the car," explained Bartlett with gentle sarcasm.

"You all wait here," said the Watermelon. "I will go and get you something to eat and see about having the car towed, also about rooms for the night."

"Why not all go," pleaded Henrietta. "Why wait here starving?"

"I can go faster alone," answered the Watermelon.

"Certainly, certainly," seconded the general. "We would have to help you girls over every wooden fence and under every barb wire one we came to. You would probably even then get stuck on one or under the other."

"That house may be empty," said the Watermelon. "Then we would be all over there and have to come back."

"We've been in empty houses before," said Henrietta crossly.

"But what good would that do, to be over there without food?" asked the Watermelon.

"What good to be here without gasoline?" retorted Henrietta.

"I can not leave the car," reiterated the general.

"Father," exclaimed the exasperated Henrietta, "some night I will find that you have taken the car to bed with you."

"Suppose we leave the car here," began the general argumentatively.

"We can't," sighed Henrietta. "Such a supposition would be impossible with you the owner of the car."

The Watermelon laughed. "Aw, cut out the conversation," said he. "I will be right back."

"So will I," said Billy.

Now the Watermelon objected. He did not feel equal to a tete-a-tete with the adorable Billy, adorable still, though a bit cross.

"Cut out the conversation," mimicked Billy, and scrambled with more speed than grace under the broken bars of the worn-out fence.

The Watermelon leaped the fence after her. Henrietta slipped under the fence after the Watermelon. Bartlett hesitated one moment, glanced nervously at the deserted general and then followed Henrietta.

Billy and the Watermelon were young and light of foot and soon outdistanced the stout Bartlett, who did his gallant best to keep up with the nimble Henrietta, but found that the

silly, silly, silly. I never knew a New York broker could be so silly, so mushy."

"There's not a man living who the right woman can't make mushy. Women never realize how silly men are at bottom, my own. They are frightened by our exterior, by the ingrained fear of the chattel for her master, born in women since Eve handed the larger share of the apple to Adam."

"I always thought that I would be dignified and sweet."

"You are, my love."

"No, I am as silly as you. I put my head on your shoulder just as these girls do whom you see in Central Park on Sunday afternoons. I never thought that I would be like that."

"You have never loved before."

"Indeed, I have. I have loved nearly every one I have ever met. Most all girls do."

"That isn't love. Merely an increased vibration of the muscles of the heart. Love—ah, Henrietta, do I have to tell you what love is?"

"No," whispered Henrietta. "It's just giving."

She paused, gazing before her into the deepening shadows of the evening with misty eyes, for the first time realizing the completeness of life.

She nodded after a moment toward the approaching Billy and the Watermelon. "What's the matter with the children? They look so serious, and yet they must have something to eat, for they are carrying bundles."

"Probably couldn't arrange for a tow for Charlie's car and see where we sit up with it all night and hold its head."

Grandma Smith, as she was familiarly called, was born in New Jersey in 1825, and died at the home of her son George, two miles south of town, Sunday afternoon, Apr. 6, from a general breakdown, caused by old age. Her maiden name was Elizabeth Peirson. She was married to Jacob Smith in 1847. To this union eight children were born, six living, two dying in infancy. Her husband was a soldier in the Civil war, dying in 1866, from injuries received in the war. She was one of the oldest settlers in Lee county, coming west in 1855, and settling in Lee county, and has been a resident of Harmon township for a number of years. She will be buried from the M. E. church Wednesday at 11 o'clock, Rev. Hedrick conducting the services. Interment in Harmon cemetery. She was a good woman and leaves many relatives and friends to mourn her demise.

**SUFFERED TORMENT WITH ECZEMA**

For Many Years. On Thigh. Also on Scalp. Awful Itching Skin. Could Not Sleep. Cuticura Soap and Ointment Completely Cured.

Lebanon, O.—"My eczema started on my thigh with a small pimple. It also came on my scalp. It began to itch and I began to scratch. For eighteen or twenty years I could not tell what I passed through with that awful itching. I would scratch until the blood would soak through my underwear, and I couldn't talk to my friends on the street but I would be digging and punching that spot, until I was very much ashamed. The itching was so intense I could not sleep after once in bed and warm. I certainly suffered torment with that eczema for many years. I chased after everything I ever heard of; all to no avail. I saw the advertisement for Cuticura Soap and Ointment and sent for a sample. Imagine my delight when I applied the first dose to that awful itching fire on my leg and scalp, in less than a minute the itching on both places ceased. I got some more Cuticura Soap and Ointment. After the second day I never had another itching spell, and Cuticura Soap and Ointment completely cured me. I was troubled with awful dandruff all over my scalp. The Cuticura Soap has cured that trouble." (Signed) L. R. Pink Jan. 22, 1912.

Cuticura Soap and Cuticura Ointment are sold throughout the world. Liberal sample of each mailed free, with 32-p. Skin Book. Address post-card "Cuticura, Dept. T, Boston."

## LONDON AMAZONS MENACE CROWN

Seek Formation of Citizen Army to Strike Blow for Republic.

## MISS EMERSON GRAVELY ILL

American Suffragette's Physician Says Her Condition Is Aggravated by Horrible Nightmares in Which She Screams in Fear.

London, April 12.—Miss Zelle Emerson, the American suffragette, who was released from Holloway prison a few days ago, is still in a grave condition, according to the report of her physician. The doctor says he fears serious complications; that her pulse is weak, her throat alarmingly congested and her heart action is very feeble. Miss Emersons sleep, he declares, is constantly broken by horrible nightmares in which she screams out in fear of the wardens and doctors.

Under direction of Mrs. Drummond, "General" of the suffragette forces, a body of men have formed themselves into a committee with their object the drilling of working men to protect the suffragettes. The ultimate aim of this organization is said to be the formation of a strong citizen army to strike a blow for a republic.

"If Mrs. Pankhurst died," said one leader here, "the women have given her government the ultimatum; that they will shoot."

**Suffragettes Stone Editor.**

The militant suffragettes attacked the office of the Evening Standard and stoned the editor as he was entering the building because of an editorial condemning the outrages committed by the women.

The editor escaped, but several windows in the building were smashed, and a watchman was injured by a stone thrown by Esther Gill, who was arrested. While this was going on several of her militant sisters, using heavy hammers, attacked the time-keeper's office and wrecked it.

**Set Fire to Grand Stand.**

Militant suffragettes set fire to the grand stand of the great cricket ground at Tunbridge Wells. They left behind a photograph of Mrs. Pankhurst.

An alleged suffragette attempt to destroy by fire the dirigible balloon sheds and aeroplane parks of the army flying corps was reported from Farnborough. The fire was extinguished before any damage had been done.

It is understood that a member of the house of commons who is friendly to woman suffrage will ask Reginald McKenna, home secretary, next week, whether he is contemplating deportation of Miss Emerson and other foreign militant suffragettes guilty of breaking English laws, as undesirable aliens.

Under the law, Mr. McKenna could do this, hence the report has caused consternation among the American women here who have jail records, as well as among those whose affiliation with the militant suffragette organization might lead to their being sentenced to prison terms.

## FRIEDMANN TO CAPITAL

Will Be the Guest of Gridiron Club at Washington Tonight.

Providence, R. I., April 12.—Doctor Friedmann gave free treatment to over a score of patients at St. Joseph's hospital here and left for Washington to talk to the Gridiron club tonight and the scientists tomorrow. The doctor explained the death of Benjamin Temple in Mount Sinai hospital, New York, as due to the breaking of internal glands. "In every case of tuberculosis," said he, "there is danger that internal glands may break and spread the tubercular bacilli in the blood and cause meningitis and paralysis. That is liable to happen in an early case or in an advanced case. It happened in the case of Temple."

## BATH TUB TRUST MAN HIT

Cincinnati, Ohio, April 12.—The Louis Lipp company, a corporation engaged in the manufacture of bath tubs, which was active in the proceedings in the alleged bath tub trust case in Detroit, and Albert Weil, secretary and treasurer of the company, were mentioned in indictments returned by the federal grand jury. Both the corporation and Mr. Weil are charged with falsification of weights in shipments over common carriers in violation of the interstate commerce law.

## WORLD IN CHICAGO MAY 3 UNTIL JUNE 7

Great Exposition of Customs of Strange Lands and People to Occupy Mammoth Enclosures.

## 20,000 PEOPLE TO PARTICIPATE

Both Chicago's Coliseum and Auditorium Theater Needed to Display Wonders of World-Wide Exposition and the Pageant of Darkness and Light.

The World in Chicago, which for five weeks, from May 3 to June 7, inclusive, will occupy both the Auditorium theater, Chicago's largest playhouse, and the immense Coliseum, will be the greatest exposition of its kind ever held.

The object of the exposition is to illustrate the advancement of Christian civilization, and to that end, at a cost of \$200,000, there will be brought to Chicago from the far corners of the world scenes from strange lands together with the customs of their peoples, their forms of worship before the coming of the missionaries, illustrating vividly what has been done and what still remains to be done in foreign lands and at home, both from a humanitarian and religious standpoint.

Twenty thousand men and women, gathered from the membership of 600 churches of all denominations, will be

lore of the past. Little children costumed as the boys and girls of those strange lands will sing native songs and play the games of the other hemisphere.

## U. S. to Be Shown Too.

But the exposition will not only depict foreign countries. There will be scenes from the southland, where the "poor whites" of the mountain fastnesses of the Carolinas are gradually being led to change their mode of living. Little churches, their spires peeping above the pines, cuddled beside a mountain will be shown, as will the "rough and ready" missions of boom mining towns of the west, when the only law was might.

The China scene will have its tall central pagoda, its temple shrines and its native homes, together with an entire street of a town in inner China.

In Korea there will be a farmhouse and other buildings with a peculiar wayside shrine and a devil post. Then there will be an India village, made up of a Kali temple and a Bengali Zenana, a bazaar of shops and a monkey shrine. An African village, with its thatched roof mud huts peopled by the downtrodden natives of that country, with a native blacksmith shop, a schoolhouse and other scenes.

In the section given over to Mohammedan lands, which the visitor will enter through the Damascus gate, there will be a rich man's house, a Bedouin tent. Houses which you would see were you in Arabia and Persia, and the kind of shops found in Turkish cities will also be seen.

## Ellis Island Portrayed.

One of the most interesting sections will be that devoted to the work among incoming immigrants at the Ellis Island immigration station, New York. The Philippines, Hawaii, Porto Rico and Cuba and the South Sea Islands will also be represented.

In the section given over to displaying scenes from Palestine there will

A TEA HOUSE IN JAPAN.

If you become weary in touring The World in Chicago, you may ride in the Japanese ricksha and stop at the Tea House for a cup of tea.

required to depict the hundreds of scenes and stage "The Pageant of Darkness and Light," a great masque oratorio, showing in four wonderful episodes the triumph of Light over Darkness.

## Managed by Business Men.

The World in Chicago is under the management of committees composed of Chicago's leading business men, who, in order to assure the success of the exposition, have pledged a guarantee fund of \$100,000.

The exposition will be divided into two grand divisions, the Pageant being staged at the Auditorium, while the exposition proper will be in the mammoth Coliseum.

As the visitor steps from the busy, swarming streets of Chicago through the doors of the Coliseum he will have passed into another land. Charming scenes of the Orient will confront him. He will see the cherry blossom gardens of Japan; the pagodas of the Chinese; the waving palms of the South Sea Islands, and scenes from a score of other lands. Peopling these realistic scenes will be smiling "natives," eager to tell in the English language the history of their countries, how they have progressed since the coming of Christianity and the folk

be wonderful reproductions of a Jerusalem street. The entire north end of the balcony in the Coliseum will be given over to Bible land. Entering Palestine through the Damascus gate you will see a tent such as Abraham lived in, then there will be a realistic reproduction of the tabernacle in the wilderness, a Bethany house, a Jaffa cafe, the Pool of Hezekiah and dozens of other famed historic places.

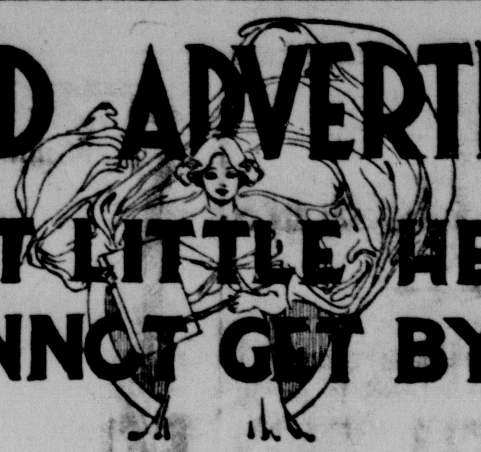

Following the visitors' trip around the world in the Coliseum he should visit the Auditorium, where "The Pageant of Darkness and Light" will be given twice daily, afternoon and night. Here a grand choir will sing the music of four great episodes of missionary history while a thousand participants will dramatically present the story.

Think of it. Twenty thousand Christian men and women all struggling for one idea—to make The World in Chicago a success. These twenty thousand men and women are recruited from more than 600 churches. Already rehearsals have progressed so far that it is now an assured fact that when The World in Chicago is thrown open to the public on May 3d, all will be in readiness.

## LAMSON BROS and COMPANY

120 E. First St. E. T. Northam, Mag  
 Dixon, Apr. 12, 1913.

Wheat: Continuance of favorable reports regarding the growing wheat and lower cables from Liverpool gave a weaker market and declines were from 1-2 to 7-8. Sept. showed more weakness than other months, due partly to pressure here against purchases on northwestern markets. Clearances continue equal to primary receipts and another good decrease is anticipated in Monday visible. Fresh export business was reported but the volume was not given out. Even with glowing prospects for new crop it is not expected a material decline in prices will take place at this period in crop history.

Corn: Realizing sales and light demand eased prices 1-2c. The close-to-night shows week's gain from 1-2 to 7-8. Receipts continue light and there is no prospect of increase for 30 days. Most of the corn now coming in on previous contracts to arrive. This leaves little for local consumptive demand and industries are working on accumulations or buying out of store. Good decrease in visible statement may be expected for Monday. Shippers are anticipating better demand as soon as definite date for opening thought will be able to get away from of navigation is fixed. Boats are now this port early next week.

Oats: Altho better prices than prevail here being bid in Illinois for the southern ship, receipts from points which cannot ship south show increase and a good increase as compared with corn. The market has been rather weak today with declines ranging from 1-2 to 3-4c. Seeding is late but weather promises to improve and seeding may be completed not later than last year.

Provisions: Yesterday's govt report had more influence on provision market today and prices were sharply higher during most of the session. There was reaction on realizing. Some selling was credited to the packers. Hog receipts should be fairly light the next few weeks. Packers will hardly favor large advance in view of expectation of fair run in late May and June.

## A WORD WITH WOMEN

VALUABLE ADVICE FOR TELEGRAPH READERS

Many a woman endures with noble patience the daily misery of backache, pains about the hips, blue, nervous spells, dizziness and urinary disorders, hopeless of relief because she doesn't know what is the matter. It is not true that every pain in the back or hips is trouble "peculiar to the sex." Often when the kidneys get congested and inflamed such aches and pains follow.

You can tell it is kidney trouble if the secretions are dark colored, contain sediments; the passages are too frequent or scanty. Then help the weakened kidneys. Don't expect them to get well alone.

Doan's Kidney Pills have won the praise of thousands of women. They are endorsed at home—Read this Dixon woman's convincing statement.

Miss Della McGrail, 503 College Ave., Dixon, Ill. says: "I do not hesitate to publicly endorse Doan's Kidney Pills, for I found them to be just as good as represented. My kidneys were out of order and I had pains through my back and sides. I heard about Doan's Kidney Pills and used them. They gave me a permanent cure."

For Sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agent for the United States.

Remember the name — Doan's — and take no other.
